

# MLSP 2022

32nd International workshop on  
MACHINE LEARNING FOR SIGNAL PROCESSING

August 22-25, 2022, Xi'an China

## CALL FOR SPONSORS

The 32nd MLSP workshop, an annual event organized by the IEEE Signal Processing Society MLSP Technical Committee, will present the most recent and exciting advances in machine learning for signal processing. The topics covered in this workshop include, but not limited to:

- Cognitive information learning
- Deep learning techniques
- Dictionary learning
- Graphical and kernel methods
- Matrix factorization/completion
- Independent component analysis
- Information-theoretic learning
- Learning theory and algorithms
- Learning from multimodal data
- ML over wireless networks
- Applications in music and audio
- Pattern recognition and classification
- Subspace and manifold learning
- Sequential learning
- Distributed/Federated learning
- Reinforcement learning
- Transfer learning
- Self/semi-supervised learning

We are inviting sponsorship from the academia, industries, businesses and government agencies.

### Sponsorship Options

- **Diamond Sponsorship (Sponsorship Fee \$8,000 or RMB¥50,000):**
